**Goal - Predict** speed ratings for all runners in any given race in **NYS**.

**Regression problem**

# Why - Subjectivity, Scarcity & Recruitment

**Note** ... These are the hig

**I have time to speed rate only a limited number of races**

Speed Ratings in the **TullyRunners Database** come from limited-selected meets nationally (and most meets from within IN ) ... Note that the State in the tables below sometimes (not always) refers to the meet location.

**Note ... I have time to speed rate only a limited number of races ... So some very good performances are therefore not included in the list below** 😞😞...
